

The Annual Fees and Charges at Erasmus Primary School are set by the Board of Governors annually.

Tuition Fee

The Annual Tuition Fee is set on the basis that parents may provide a maximum of 6 hours of service each week during school terms. The objective of the Family Participation Program* is for parents to engage with and become involved in their child's school, as well as making the Annual Tuition Fee more affordable.

	Tuition Fee	Fee In Lieu of Participation (0 hours)	Total
1 child	\$9,779	\$5,214	\$14,993
A family discount applies to Tuition Fees for simultaneous attendance			
2nd child	\$7,530	\$5,214	\$12,744
3rd child	\$6,030	\$5,214	\$11,244
4th child	\$4,531	\$5,214	\$9,745

For a child not holding Permanent Residency or Australian Citizenship, in some cases, an extra fee element may be required, because we do not receive Government funding for specific visa subclasses. Please refer to the Registrar for further information.

Families commencing after the start of the school year will pay a pro-rata rate on Tuition Fees and Additional Charges, except the Facilities Levy and Books, which are charged at the full amount.

Fee In Lieu of Participation

If parents contribute	0 hours	1 hour	2 hours	3 hours	4 hours	5 hours	6 hours
The payment is	\$5,214	\$4,344	\$3,475	\$2,607	\$1,738	\$869	\$0

*Family Participation Program

The Family Participation Program provides parents an opportunity to engage and become involved in their child's school. The school can keep fees relatively low, by parents contributing up to 6 hours per week, per child, towards maintenance upgrades and activities at the school. Alternatively, parents pay a fee in lieu of participating in this program.

- Participation is a serious commitment and considered part of enrolling at school and paying school fees.
- It is the responsibility of parents to ensure that they fulfil their commitment.
- Parents may choose the work they wish to do from a list of available tasks. The Family Participation Program tasks available are determined by the school's needs and include: Kitchen, Laundry, Table Setting, Maintenance, Gardening and Library.

For details on how the Program operates and expectations of participating parents, please read the Family Participation Program Policy.
